Maria:

Thank you for this information. This gives us something to go on. I am going to have to order a substantial amount of documentation from storage dating back a number of years to see if we have information responsive to your request so I am writing to see if we could arrange an extension of time in which to respond. I would normally only seek an additional 30 days but am looking for approximately 60 days here because I have my family's vacation scheduled beginning on the July 21 and then upon my return I have some work travel scheduled that will prohibit me from digging into this right away. I am seeking until September 14, 2018 in which to respond. Please let me know if this acceptable. Thanks.

Jason
